ESP. A Complete Engineering Services & Parts Package From CTM

24 hrs a Day. Coast-to-Coast, Since 1976

CTM supplies complete, professional engineering services, as well as repair, maintenance, and reconstruction of Baltimore Air Coil (BAC), Evapco & Marley Cooling Towers. We also have the largest replacement parts inventory in Canada and offer optional labour services to meet all your cooling tower needs.

Whether you are a cooling tower service contractor or a building owner who services their own tower, using CTM as your partner will give you good value and cost savings. Whatever the challenge, you can depend on CTM to get the job done right.

Engineered Solutions

The CTM ESP is a thermal performance upgrade and can potentially increase tower capabilities by up to 30%.

This "Re-engineering" process can upgrade a tower's performance at 55% of the cost of a new tower.

Our engineering partners are:

Brentwood Industries (Fill supplier), Hudson Products (Suppliers of fiberglass fans), Amarillo Gear Company, Lau Industries (Blower wheels), Midwest Towers (Fiberglass fan stacks & industrial cooling tower components).

Replacement Parts for BAC, Evapco & Marley Towers, 24/7/365

At CTM, we have the largest selection of cooling tower parts in the country. Available for BAC, Evapco and Marley towers, these parts can be had 24 hours a day, 7 days a week, 365 days a year.

All parts are equivalent to or exceed the Original Equipment Manufacturer (OEM) standards.

The added value is they have been selected to improve and enhance the longevity of the cooling tower.

24-Hour Service & Repair

Emergencies don't always happen during business hours. Whether you need parts or service, we're available, 24-hours a day, 7 days a week.

Call us at:
1-800-311-1200.

A/C Rentals

Should you require back up cooling while your tower is out of service, or just a mobile A/C unit for a special occasion, CTM has what you need.

- Koldwave Portable air conditioning available from CTM, in air and water cooled units from 1.25 tons to 5.5 ton units
- Varitech mobile cooling tower rentals from CTM in sizes from 100-2000 tons

EVAPCO

MARLEY

BAC

Optional Labour Services

CTM is available if your existing service contractor needs help or you require labour to assist you with installation. CTM Preventive Maintenance Service Contracts are also available.

Satisfaction Guaranteed

Your peace of mind is important. That's why we offer a full one-year warranty on all parts and labour. Plus you get a 36-point comparison checklist on quotations.
